CLARINET FINGERING CHART

How To Read The Chart

○ — Indicates hole open.

• — Indicates hole closed, or keys to be pressed.

When a number is given, refer to the picture of the Clarinet for additional key to be pressed.

When two notes are given together (F♯ and Gb), they are the same tone and, of course, played the same way.

When there are two fingerings given for a note, use the first one unless your teacher tells you otherwise.
